

CITY OF PLYMOUTH

NOTICE OF AVAILABILITY OF AN ENVIRONMENTAL ASSESSMENT WORKSHEET

NOTICE is hereby given that an Environmental Assessment Worksheet (EAW) is available for public review for redevelopment of the former Hollydale Golf Course site, 4710 Holly Lane. The 158.58-acre site is located east of Holly Lane, north of Old Rockford Road, and south of Schmidt Lake Road. The redevelopment would include up to 319 single-family homes and dedication of roughly five acres of public park land. The purpose of an EAW is to identify whether a proposed project has the potential for significant adverse environmental effects warranting the need for an Environmental Impact Statement. The purpose of this notice is to inform the public that the EAW is available for review and comment. The EAW is posted on the city website, and may also be reviewed at the community development information counter of Plymouth City Hall, 3400 Plymouth Boulevard, during regular office hours. Any comments on the EAW must be provided in writing, and must be submitted to the City of Plymouth community development office by not later than February 26, 2020.
