The subsidized units at these complexes are provided to qualified renters. Families or individuals apply directly to the building and, if accepted, pay 30% of their adjusted gross income for rent. In some buildings, all units are subsidized. In other buildings, only a percentage of units receive assistance, with the remaining renters paying full market-rate rent. Call the individual building manager listed for information regarding eligibility, availability of units, and rent amounts. There are income eligibility requirements at each building.
