

Get involved before the law does!

Are you concerned about your son or daughter. . .

- . . . shoplifting?
- . . . getting into fights?
- . . . using drugs or alcohol ?
- . . . hanging with the wrong crowd?
- . . . just drifting farther away?

If so, we are here to help!

The Northern Star Juvenile Diversion & Referral Program is here to educate, motivate and support youth and families of **males and females, ages 13-17**, who are on the verge of falling into the ills of society. We provide **5 weeks** (2 hours per week) of life-changing classes, as well as community service opportunities, in order to restore the feeling of pride and hope and get youth back on the right track. Please contact Colleen Brazier and take advantage of our free consultation. It's the best decision you could ever make.
